Magnetic windows for inspection

Rainbow RB-4060 Plus new version A2 UV printer take seriously about user friendly, it has 4 openable windows at the cap station, ink pump, main board, and motors for troubleshooting, and problem judgment without opening the complete machine cover---an important part when we consider a machine because maintenance in future is important.

Auto Height measurement

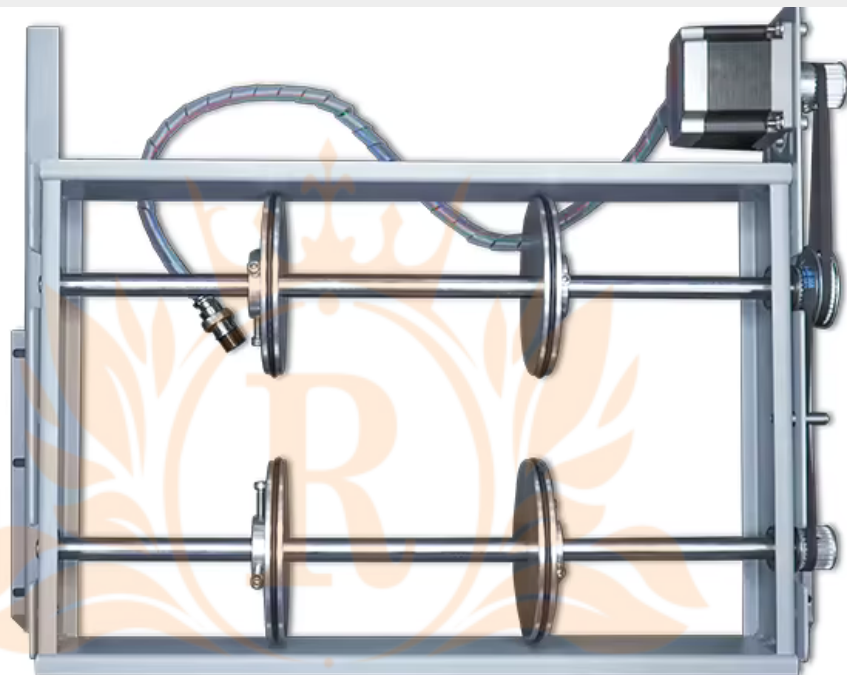

RB-4060 Plus UV printer supports automatic height measurement and adjustment, with one button the proper height can be set.

RIDERS GROUP

Hiwin linear guideways

Rainbow RB-4060 Plus new update A2 UV printer uses Hi-win 3.5 cm straight square rail on the x-axis which is very silent and firm. Besides, it uses 2 pieces of 4 cm Hi-win straight square rail on Y-axis which makes printing smoother and the machine lifespan longer. On Z-axis, 4 pieces 4cm Hi-win straight square rail and 2 pieces screw guide makes sure the up-and-down movement has good load bearing after years using.

Mug rotary device with motor

Rainbow RB-4060 Plus new version A2 UV printer is built for high-quality flatbed printing, but with the help of this rotary device, it can print mugs and bottles as well. The aluminum texture makes sure of stability and a long lifespan, and the independent motor drive allows for high resolution printing, much better than using the rubbing force between the platform and the rotator.

Riders Star Group Ltd.

ABOUT US
