Goals with complete solutions.

Candle Making and Candle Filling Machine

Main features:

Introducing the latest innovation in candle production: the Customized Candle Making and Candle Filling Machine. Designed for both small businesses and large-scale manufacturers, this state-of-the-art machine streamlines the candle-making process with unparalleled precision and efficiency.

Key Features:

- **Customizable Mold Options:** Tailor your candles to any shape, size, or design. Whether you're creating standard pillars, intricate sculptures, or unique custom shapes, this machine adapts to your needs.
- **Automatic Filling System:** Achieve consistent and uniform wax filling with automated precision, ensuring each candle is perfectly crafted with minimal waste.
- **High Capacity:** Capable of producing candles in large quantities, this machine is ideal for high-demand production environments.
- **Temperature Control:** Maintain optimal wax consistency and quality with adjustable temperature settings for both wax melting and pouring.
- **User-Friendly Interface:** Equipped with an intuitive touch screen for easy operation, allowing users to control settings, monitor production, and troubleshoot with ease.
- **Energy Efficient:** Designed with energy-saving features that minimize electricity consumption while maintaining high output.
- **Versatile Wax Compatibility:** Supports a wide range of wax types, including paraffin, soy, beeswax, and more, ensuring versatility for different candle formulations.
- **Safety Features:** Built with comprehensive safety protocols, including automatic shutdowns and heat protection, to guarantee safe operation during extended use.

Full automatic Updated Hot Product Filling Machine

*This is hot material filling machine, especially for wax
Suitable for beewax ,soy wax,parrafin wax,jelly wax, hair removal wax, furniture wax etc.

* Filling volume can be adjustable from 1ml-5000ml.
It is PLC controlled, filling by setting up the filling volume and intervals.

What it can help with our candle making:

1. clean, no need extra cup cleaning
2. accurate, equal volume for each cup, help brand building
3. no blocking, with pump heating and reversing, no headaches with wax blocking anymore
4. save labor cost, with machine productivity can be double while half labor cost
