SAMOSA MAKING MACHINE

1. Our dumpling machine can make dumplings, samosa, spring roll, wonton, empanada, ravioli by changing different mould, and the capacity is from 4800pcs/h to 6800pcs/h, please choose the one suitable for you. 2. Using the latest technology cutting device, both meat and vegetable stuffing can be wrapped, the effect is perfect.

3. Suitable for a variety of conditioning: the dumplings can be steamed, boiled, fried and fried. Spring rolls and curry corners and curry bu fried are especially delicious. The most important thing is that they are suitable for rapid freezing and storage resistance, and are ideal microwave foods.
4. The size of the product is uniform, the thickness of the dough, the amount of filling, and the speed of making dumplings can be adjusted at will. It can be operated freely in 5 minutes, and one or two people with no experience can operate the machine.
5. The conveying surface and shaped parts are manufactured with special anti-adhesion technology materials, with low resistance, good forming, wear resistance and pressure resistance, easy disassembly, cleaning and durability.
